10 DIVES PACKAGE**

Book directly with us  
using promo code  
**PARADIV23**

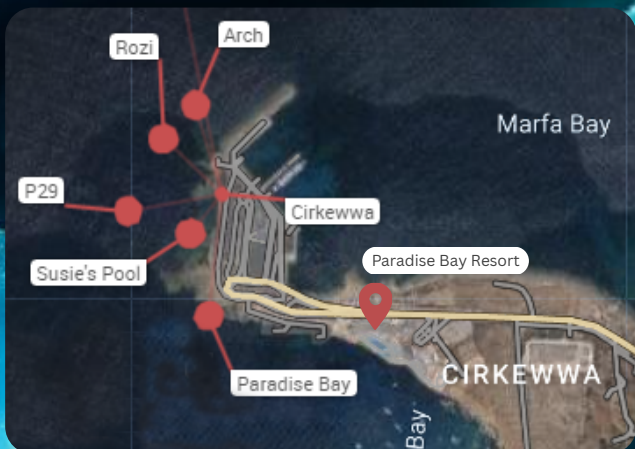

Whether you are about to start diving or are an accomplished diver, Paradise Diving School will provide a personalised diving itinerary. We recommend staying at Paradise Bay Resort in Malta where our dive centre is located. Staying in this premier resort with great views and fabulous beaches together with top restaurants, bars and a wide range of leisure facilities would make your family vacation complete as it caters for all your holiday needs.

# WHY DIVE WITH US?

Our location in Cirkewwa is one of the most visited scuba diving sites on the Maltese islands. It is located on the north west coast of Malta.

There is something for everyone to dive in Cirkewwa: easy shallow training area (Susie's Pool) and for the experienced diver: Madonna statue, two deep wrecks (Patrol Boat P29 and Tugboat Rozi), two beautiful natural arches (Right/Green Arch and Left/White Arch), and wall reef with many swim through tunnels/caves.

The wrecks P29 and Rozi were scuttled for diving attraction. The maximum depth of these wrecks is 34-36 meters.

## MALTA DIVE SITES

The calmness and clarity of the sea makes for excellent visibility and creates impressive conditions for first time divers and beginners and for the more experienced diver there are plenty of challenging dives to choose from.

### Average Sea Temperature

- From January to April 15–16 °C (59–61 °F)
- From May to December, the average sea temperature exceeds 20 °C (68 °F).

On most days the clear blue Mediterranean sea is ideal for scuba diving with coves, beaches and wrecks to be found on the coastlines of the island and on those rare days when the conditions aren't ideal, we usually visit Valletta and dive within the shelter of the two harbors where the wrecks of HMS Maori and the X127 can be found.
